

Wines of the Month

Walking through a vineyard, the grapes you see look pretty much like grapes on a vine. But to Michael J. Quinlan, Jr., he sees the grapes as the beginning of a wonderful glass of wine. Our Wines of the Month are carefully chosen by Michael so that he can proudly show off the tremendous selection available in our store, and highlight great wines you may not be familiar with...yet!

Forchini Zinfandel 2006

\$12.99 per bottle or \$140.29 per case

The Forchini family has grown and sold grapes in Sonoma County for decades, but about 15 years ago, they decided to produce some of their own wine.

The entire production of this winery is about 3,000 cases and it is all from their very own grapes. *The resulting Zinfandel is a truly amazing value.* It is ripe and intense, has gorgeous black raspberry flavors and is very well balanced. It cannot wait to join you for some barbeque in the very near future!

High Hook

Pinot Blanc 2008

\$14.99 per bottle **or \$161.89** per case

The secret is certainly out about Oregon Pinot Noir. But, what we have found is that the white Pinot varieties, Pinot Gris and Pinot Blanc, are also succeeding in the Pacific Northwest! This Pinot Blanc is a terrific wine! Nicholas and I tasted it back in May and immediately knew it had to be a summer Wine of the Month for Table & Vine. *Ripe and smooth, this wine is packed with flavor and also has terrific balance. Enjoy!*

**Saint André de Figuière
Rosé 2009**

\$11.99 per bottle **or \$129.49** per case

We have carried the wines of Saint André de Figuière for years. This year, the *Rosé* struck us as being so wonderful that we decided it was worthy of being a **Table & Vine Wine of the Month**. We had to have a true Provençal *Rosé* for August because that is when locally grown produce is at its freshest and ripest. And, we can create so many fresh and colorful dinners right from the garden... yum! We simply cannot wait to make *Ratatouille* from locally grown veggies to enjoy with this wine!
