

Wines of the Month

Walking through a vineyard, the grapes you see look pretty much like grapes on a vine. But to Michael J. Quinlan, Jr., he sees the grapes as the beginning of a wonderful glass of wine. Our Wines of the Month are carefully chosen by Michael so that he can proudly show off the tremendous selection available in our store, and highlight great wines you may not be familiar with...yet!

Santa Anastasia

Nero d'Avola 2006

\$14.99 per bottle **or \$161.89** per case

On the island of Sicily, they grow Nero d'Avola, a simply gorgeous grape. It has wonderful spicy flavors along with ripe fruit. The thing that makes Nero d'Avola truly great though, is that the grapes, in spite of all of that hot weather, produces a wine that retains its balance. Santa Anastasia is a terrific winery with a full range of good wines, but this is their most solid value!

We've found you the wine, now it's your turn to get grillin'!

Miner Viognier 2008

\$14.99 per bottle **or \$161.89** per case

This was a revelation for us! We've been on the lookout for a Viognier from California that could join our offerings. Little did we know that when we found "the one" it would be so good and such a great value that it would merit a spot as one of our **Wines of the Month**. Great, ripe exotic fruit, like pineapple and mangoes, with a spicy finish. *This is a terrific wine for all sorts of grilled fish and many other summertime foods!*

**Nigl Zweigelt
Rosé 2009**

\$15.99 per bottle **or** **\$172.69** per case

Martin Nigl is one of the great winemakers of Austria. Known for his white wines, he also produces a small amount of World-Class reds—from which this *Rosé* is born. This *Rosé* is a great example of the qualities we like in Zweigelt. It is just bursting with fruit and has refreshing acidity.

This is a great new addition for us.
